Resources - Non-Federal or Private

As in prior years, Sandy City may fund a few projects not recommended for CDBG funding from our Neighborhood Housing Initiative (from an Economic Development Area set aside) to leverage both CDBG and Consortium HOME funds. These are the only non-federal or private funds expected to be leveraged this year.

Geographic Distribution

The areas to be assisted with CDBG funds are based on no particular demographic concentration other than Census generated LMI block groups. These areas, as is so with much of Sandy City, have no minority concentrations. Sandy City defines a minority concentration where a Census block group has greater than 30% minority population.

Vision	Problem-Needs	Priority High, Med, Low	Current Service or Activity	Strategy	Objectives	Outcome
Homeless Housing and service vision. Continue to maintain, develop and implement a single, coordinated, inclusive homeless assistance system. Support homeless persons in their movement from homelessness to economic stability and affordable housing within a supportive community. Strive to be inclusive of all the needs of all Sandy City's homeless, including the special service and housing needs of homeless sub-populations.	Outreach and Assessment	High	Service providers	<p>*Maintain the current number of beds and units within the Continuum of Care for both homeless individuals and families.</p> <p>*Focus development or expansion efforts on permanent housing and, to a lesser degree, on transitional living facilities for the homeless.</p> <p>*Encourage maximum participation, training, evaluation, technical assistance and quality standards within the COC for all homeless programs.</p> <p>*Sandy City and Salt Lake County should continue to encourage maximum participation in the Continuum of Care process through 1) support participation in the process by homeless persons 2) maintain quality process standards 3) maintain a standard policy within the homeless funding processes 4) continue to convene, train and support homeless service and housing providers 5) continue and improve the process for self and community evaluation of existing programs prior to funding renewal.</p>	<p>*Support current shelters and transitional housing providers (5 yr. target 1)</p> <p>*Renovate emergency shelters and trans. housing facilities (5 yr. target 1).</p> <p>*Provide shelter plus care or other permanent housing for homeless persons with disabilities (5 yr. target 2).</p> <p>*Provide employment and other life skill training and counseling (5 yr. target 2)</p> <p>*Rehabbed service-enriched housing units (5 yr. target 10 HOME)</p> <p>*Rehabbed scattered-site transitional housing units (5 yr. target 6 HOME)</p> <p>*Create one new Continuum of Care service-only program (5 yr. target 5)</p>	<p>The expected outcome is to seek to help homeless persons in their movement from homelessness to economic stability and affordable permanent housing within a supportive community. Strive to be inclusive of all the needs of all of Sandy City's homeless, including the special service and housing needs of homeless sub-populations. This means that the program will help improve the environmental conditions in a neighborhood, increase the amount of affordable housing, and help improve self-sufficiency.</p>

Homeless and Other Special Needs Activities

Several of Sandy City's projects will assist the homeless and at-risk housing groups. Examples are:

- The Transitional Housing Program will provide temporary housing for eligible persons and families looking to get into more permanent housing. This program will be funded through The Road Home (formerly known as Traveler's Aid Society).
- The Housing Rehabilitation Program will provide low/moderate income households the opportunity to protect and preserve their homes. Such programming assists in keeping our older, and therefore more affordable, homes within the housing stock of Sandy City.

Other Actions

Sandy City continually updates its comprehensive planning program that will include analysis of not only land-use planning issues, but also economic development, business development, citizen needs and perceptions, and anticipated City services in the future.

Sandy City will continue to solicit on an annual basis City needs and prioritization. On a bi-annual basis the City will conduct a City-wide perceptions survey to gather and evaluate the effectiveness of City programs and services.

As part of the overall plan, the City will continue to coordinate with Salt Lake County, Salt Lake County Consortium, non-profits, and other public organizations to provide needed services for the City, especially for those individuals and families that are low income or those considered as at-risk populations.

Monitoring

The Community Development Block Grant Coordinator will regularly monitor not only subrecipients in terms of compliance, but also in terms of consistency with the Consolidated Plan and Strategy. This will be accomplished through annual/bi-annual monitoring visits and monthly updates for Community Development Block Grant Committee review.

Evaluation of Past Performance

(FY 2014 Action Plan Submission Requirement) (91.220(b))

The Annual Community Assessment Summary for the Sandy City CDBG Program states the following: "Based upon our analysis and examination of the data available to us, we have determined Sandy City's overall progress has satisfactorily met its goals during the 2012 program year. Sandy has administered its programs in a manner consistent with the applicable regulatory requirements. During the period July 1, 2012 through June 30, 2013, Sandy has carried out its program substantially as described in its Consolidated Plan and has the continuing capacity to carry out its Community Development Block Grant program in a timely manner."

The City had 0.41 grant years of funds in its Line of Credit 60 days before the new program year, well below the 1.5 regulatory requirements. Additionally, 100 percent of the funds expended in the program year, including the Section 108 loan repayment, were for activities that principally benefitted low-and moderate-income persons, thus meeting and exceeding the 70 percent minimum requirement.

Source of Funds

Federal Resources

CDBG

For Fiscal Year 2014-15, Sandy City is expected to receive approximately \$376,835 in Community Development Block Grant (CDBG) Funds from the U.S. Department of Housing and Urban Development. This is slightly less than FY13-14, where Sandy City received \$386,477 in CDBG funds to carry out eligible activities.

HOME

Sandy City is not a direct recipient of HOME funds from the U.S. Department of Housing and Urban Development. Sandy City is a participating member of the Salt Lake County Consortium. The County of Salt Lake is the administering jurisdiction of HOME funds for FY14-15.

HOME Program matching funds are leveraged County-wide through land donations, waiver of fees, and direct budget allocations for projects by participating jurisdictions from the Consortium.

ESG

Sandy City is not an eligible community under the Emergency Shelter Grant program operated by the U.S. Department of Housing and Urban Development, and does not receive annual funding.

HOPWA

Sandy City is not an eligible community under the Housing Opportunities for Persons with Aids operated by the U.S. Department of Housing and Urban Development, and does not receive annual funding. Sandy City participates on the Housing Board for Salt Lake City, who receives HOPWA funding, to select eligible projects.

State Resources

The primary source of State of Utah funds originate from the Olene Walker Homeless Trust Fund, which provides grants and low-interest loans for eligible projects for low and moderate income housing. Federal Low-Income Housing Tax Credit Program (LIHTC) is available for low-income rental units.

Local Resources

Sandy City has not set-aside direct funding from the General Fund budget expected to be adopted for FY14-15. The City will be evaluating existing city-owned vacant land for possible donation or use as sites for affordable single-family housing development within target areas of the community. The City will also consider plans for tax increment from the Economic Development Area (EDA) to provide additional funds for eligible low-income housing and for rehabilitation of existing housing stock.

Program Income Summary

In prior years, Sandy City received approximately \$40,000 annually in program income from our Housing Rehabilitation Revolving Loan Fund. The loan portfolio includes traditional monthly payback installment loans at an interest rate between 0% to 3%, and a deferred repayment schedule, typically conditioned upon the sale of the home or refinance of the home. The loan portfolio is not large, and the remaining loans all are to be repaid upon a deferred status - meaning upon the sale of the home. The few traditional installment loans that were remaining all defaulted in during FY02-03. An analysis of the defaults to study the reasons for default pointed to a common factor of a very poor economy and employment opportunity along with other rising costs for health care. \$101,000 was received during FY07-08. As the remaining loans are on a deferred payment status, it is anticipated that Sandy City will not receive program income from these loans for FY14-15.

1. Program Income Expected to be Received

Amount of Program Income to be Generated and Deposited into Revolving Loan Funds

It is not anticipated that the program will generate any program income to be deposited into the Revolving Loan Fund this year.

Total Amount to be Received from a Float-Funded Activity

Sandy City is not, and has not proposed any float-funded activities in this program year, nor in prior program years.

Total Amount to be Received from a Prior Year Float-Funded Activity

Sandy City is not, and has not proposed any float-funded activities in this program year, nor in prior program years.

2. Program Income Received in Preceding Program Year Not Included in a Plan

Sandy City has not received any additional program income not previously accounted for nor disclosed in a prior program year.

3. Proceeds from a Section 108 Loan to be Used During the Year

Sandy City has not received additional Section 108 loan guarantee funds during this program year.

4. Surplus Funds from Urban Renewal Settlement

Sandy City does not have any surplus funds from an Urban Renewal Settlement (did not participate in an urban renewal settlement activity)

5. Grant Funds to be Returned to the Line of Credit

Sandy City does not anticipate returning grant funds, as all expenditures to date have been for approved, previously included activities on prior years approved Annual Action Plans.

EXPENDITURE LIMITS

Calculation of Allowable Percentages for Expenditures

The Community Development Block Grant program provides spending limits based upon categories of activities. A participating jurisdiction may not exceed these spending limits without approval from the U.S. Department of Housing and Urban Development and only under exceptional circumstances. Such circumstances could include a natural disaster or other major disaster event within a community that stretches the area's ability to respond.

Administration

A participating jurisdiction may not budget or spend more than 20% of the overall grant amount for administration of approved projects for the program year. For this action plan, Sandy City is limited to no more than 20% of \$376,835 or \$75,367. Sandy City has budgeted \$58,996, or 15.66% of the grant amount to undertake administrative functions to carry-out the approved activities for this program year.

Public Service

A participating jurisdiction may not budget or spend more than 15% of the overall grant amount for Public Service activities during a program year. For this action plan, Sandy City is limited to no more than 15% of \$376,835 or \$56,525.25. Sandy City has budgeted \$56,400 or 14.97% of the grant amount to undertake public service activities for this program year.

Remaining Projects

A participating jurisdiction is not limited in the percentage of the overall grant amount that it may budget for other eligible activities that are not characterized as Administration or Public Service activities.

Activity Expenditures

(FY 2013 Action Plan Submission Requirement)(91.220(I)(1)(iv))

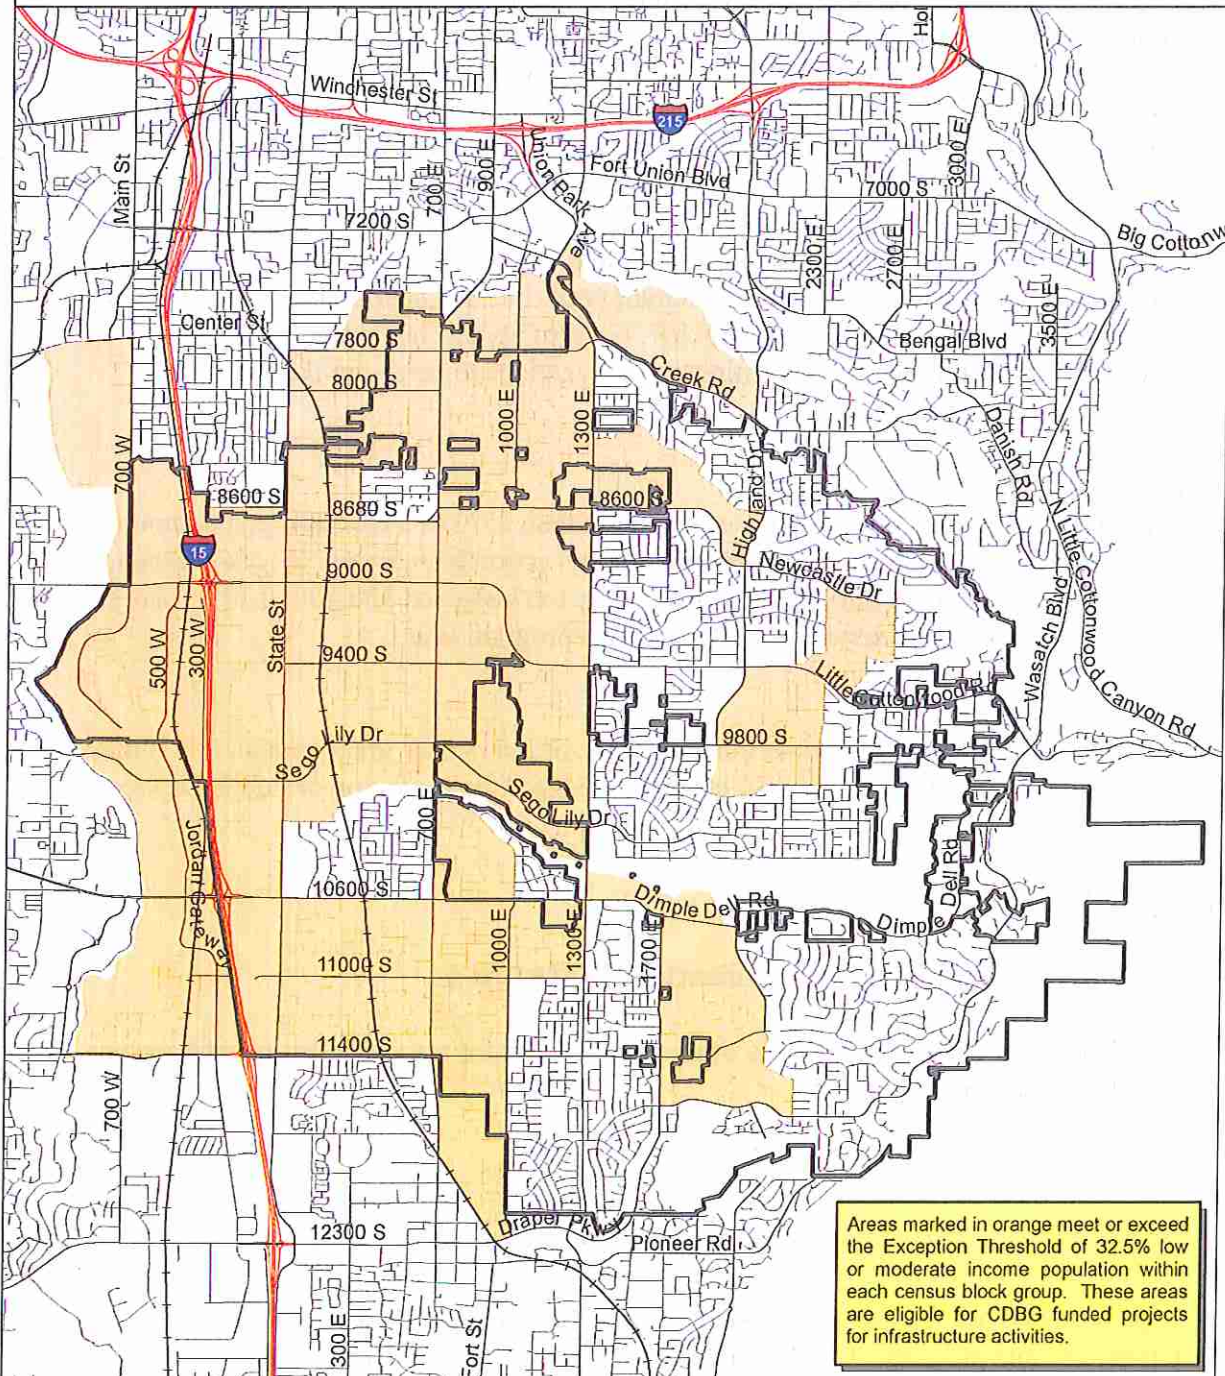

It is estimated that Sandy City will use 100% of its CDBG funds for activities that benefit persons of low-and moderate income.

Geographic Distribution

(FY 2013 Action Plan Submission Requirement) (91.220(f))

Sandy City has been classified as an "exception" community with regards to eligible areas for receipt of CDBG eligible projects. The threshold for Sandy City is 32.5% LMI within a census tract. Generally speaking, the eligible LMI areas lie west of 700 East street, and contain all but one residential neighborhood in this area. The map on the following page best illustrates eligible areas for funding.

Homeless and Other Special Needs

Homeless Individuals and Families in Salt Lake County

The 2010 Census did not identify the number of homeless individuals within Sandy City. Because the consolidation of services and facilities located within central Salt Lake City, the homeless population is deemed to be a county-wide population base, and not an individual participating jurisdiction geographic location base.

- Estimating the size of the homeless population is particularly difficult due to the high turnover in the population, the logistics of locating and counting homeless persons, and the seasonality of the homeless count. Several federal, state and local agencies plus advocacy groups have approached this enumeration problem in a variety of ways. In Utah, the most widely accepted methodology for counting the homeless is, first to determine the number of sheltered homeless from surveys of direct service providers and then apply an "unsheltered" ratio to derive the total sheltered and unsheltered homeless population. The unsheltered ratio was developed in *The 1995 Utah Homeless Survey* by the University of Utah, which showed that 66.5 percent of homeless were living in shelters and 33.5 percent were unsheltered.
- Using the sheltered/unsheltered methodology the number of homeless in Salt Lake County for 2004 is estimated to be between 1,200 and 1,600 people; approximately 1,220 sheltered and 358 unsheltered. An estimate of the composition of the homeless population is: 919 single men (59 percent), 140 single women (9 percent), 218 adults in families (14 percent), 280 children (18 percent). Included in this homeless population is 120 families. These estimates are taken from the *Consolidated Plan* for the State of Utah. The Salt Lake County *Continuum of Care Homeless Assistance* and the State Homeless Coordinating Committee estimates the homeless population at about 1,503 single individuals and individuals in families.
- Using the *Consolidated Plan* estimates, the number of homeless in Salt Lake County has grown from 1,313 individuals in 1998 to 1,558 in 2004, an increase of about 11.8 percent. The relative stability of the homeless population is generally attributed to the robust local economy and very low rates of unemployment. During the decade the number of homeless single men—the largest segment of the homeless population—increased by only 7 percent. The most rapidly growing segment was homeless children. In 1990, there were 153 homeless children but by 1998 this number had increased by 57 percent to 241. The rapid increase in homeless children is reflected in the increase in the number of homeless families. The number of homeless families increased from 81 in 1990 to 120 in 1998, an increase of 48 percent.
- In the next decade changes in the homeless population will be determined by: (1) economic conditions, employment growth and the rate of unemployment, (2) the success of Salt Lake County's Crusade for the Homeless and (3) implementation of objectives of the Long-Range Planning Committee for Homeless in Salt Lake County. There is a relatively high probability that the Crusade for the Homeless and the strategies of the Long-Range Planning Committee will result in additional shelter space and transitional housing.¹

¹Of the \$40 million the Crusade hope to raise—to date \$7 million has been raised—\$6 million would be used as seed money for transitional housing while the interest on the \$34 million endowment would be given annually to any of the 20 Salt Lake County agencies that help the homeless.

Income and Poverty

The 2010 Census estimated that there were 4,198 persons in Sandy City living below the poverty line, or 4.8 percent of the persons for whom poverty status is determined. The total number of persons in poverty has increased by 851 individuals when compared to the 2000 Census

The economic downturn of the past 5 years has led to higher unemployment rates for the State of Utah and Sandy City, although lower than the majority of the United States. There is no concentration of geographic areas within the community that consist of individuals in poverty. They are spread-out through the community

The tables below demonstrate that income levels are spread evenly across all groups.

HIV/AIDS and Active TB Disease

HIV/AIDS

Since 1983 the number of AIDS cases reported in the Salt Lake City/County Health District totals 1,615. The number of AIDS deaths over the same time period is 804. In 2003, only 18 AIDS cases and 34 HIV positive cases were reported in Salt Lake County. In the past few years the number of reported HIV/AIDS cases has declined from the peak period of 1993-1996. The decline in the number of AIDS cases and deaths, which is consistent with national trends, is mostly due to effective therapies that have slowed the progression of the disease from HIV positive status to AIDS.

Julie Herron of the Division of Infectious Diseases at the University of Utah Hospital, Clinic 1A estimates there are approximately 700 to 800 individuals in Salt Lake County that are HIV Positive. Clinic 1A is an outpatient clinic that case manages all of the reported HIV/AIDS cases in the county. The housing needs of these 700 individuals are served by a single agency the Salt Lake Community Action Program. Arthur Riley of the Community Action Program (CAP) is the housing placement officer dealing, on a daily basis, with the housing needs of HIV/AIDS individuals.

Housing Authorities will not provide vouchers or public housing for those with criminal records, drug abuse or undocumented workers. Therefore, CAP must resort to finding rental units in low rent apartment projects where the landlords ask few questions. Consequently, many of the HIV/AIDS individuals either live in rental slum conditions or choose to live with family or friends, often moving after a few nights to another friend's house, a practice that has become known as couch surfing .

A survey, conducted in 1997 for the HIV/AIDS Housing Plan Steering Committee, showed most individuals with HIV/AIDS prefer either to live alone or with spouse or partner. Shared housing with other HIV/AIDS individuals had some appeal to about one-third of the survey respondents. For these individuals, communal living would offer the support of others in similar situation.

Survey results also show that only about 30 percent of those with HIV/AIDS own their homes. Most individuals with HIV/AIDS are renters. And most are very low to moderate income households. Therefore, housing affordability is a significant issue with this segment of the HIV/AIDS population.

The number of reported tuberculosis cases in Salt Lake County has declined during the 1990s; dropping from 42 cases in 1990 to 29 cases in 1995 to 22 cases in 2004. Since being listed by the Center for Disease Control (CDC) in 1991 as an outbreak area for tuberculosis the county has made substantial progress in reducing the incidence of TB.

Housing Outreach Efforts

Targeted outreach to residents and tenants of public housing, manufactured housing, and other families assisted by public housing agencies will be conducted. Sandy City will provide technical assistance services either directly or through contract with local counseling services.

Needs of Public Housing

Sandy City does not operate a public housing agency. All public housing functions are carried out through several local non-profit agencies, including the Housing Authority for the County of Salt Lake.

There is an increased need for housing assistance within Sandy City, specifically additional Section 8 vouchers, and the construction of additional lower-income housing choice for families and singles making between 60-80% of AMI for Salt Lake County.

Sandy City approved a 280 unit affordable housing apartment complex (Coppergate Apartments), with rents targeted to families and singles with incomes ranging between 30% to 60% AMI for Salt Lake County. The project was funded primarily with LITHC credits and other assistance from the Olene Walker Homeless Trust Fund. Sandy City Community Development Staff assisted with the rezoning of the property, and assisting the developer in obtaining the appropriate approvals through the Planning Commission and City Council. City Staff has also assisted the developer with issues relating to easements, relocation of utility lines, and the relocation of a ground-mounted billboard. The last phase of the project was completed in the spring of 2005.

Sandy City continues to support The Road Home in the Transitional Housing Program - a quasi-public housing program where the City assists in the purchasing of single family homes through the Housing Authority of Salt Lake County, and then providing funding to the Road Home to place families within the homes. The purpose of the program is to provide families with stable living environments, and provide them training on how to keep a home, maintenance, budgeting and other critical life skills.

Sandy City has also participated with the group "Habitat for Humanity" to construct 5 single family attached dwellings in the Hidden Creek subdivision, located near the River Oaks Golf Course at approximately 9500 South 600 West.

With the completion of the light rail system through Sandy City it has opened up new opportunities for areas of economic development and affordable housing. Sandy City has recently approved nearly 100 acres near the light rail stations for mixed use development as well as other areas that have been recently master planned for mixed use along the light rail corridor. These proposed mixed use developments are implementing important elements of our City's General Plan and sub-

area plans for these areas. This will provide a variety of housing choices for a variety of income levels. This will also provide a wide range of economic opportunities to support the people who will live there, while creating a sense of place, community, life and vibrancy. All of these things will contribute to better quality of life in the neighborhoods.

Anti-Poverty Strategy

The City will target and assist those families in poverty or near poverty with the homebuyer assistance program (funded through the HOME program), and the many housing rehabilitation programs. City staff will coordinate with the agency that will administer the homebuyer assistance program and other non-profit agencies such as ASSIST to be sure that these housing activities are pursued and completed.

Many support services are available to the public through Salt Lake County, including aging services, senior centers and available programs, Economic Development - Community Resources, Human Services Department, Substance Abuse Services, Valley Mental Health and Youth Services Division. These services can help those who are in poverty and assist families to get out of poverty. These services can also advertise programs that will economically assist very-low and low-income households.

Lead-Based Paint Hazards

Buildings and structures that were constructed prior to 1978 have a potential to have been painted with lead-based paint. If these structures were demolished or remodeled, it has been determined by competent medical authority that such actions could expose persons to lead-based paint hazards that can have negative effects upon their health. Sandy City has created a database of known structures that were constructed prior to 1978, and has provided a detailed parcel map of such properties to agencies that provide housing rehabilitation services for Sandy City. The same map is also used by Building Permitting Staff to determine if additional safeguards are needed for owner-contractor remodeling or demolition of a residential structure. Removal or stabilization of lead-based paint is performed by certified contractors as per guidelines per safe work practices and others as established by Federal agencies.

The City will increase the awareness and communication among property owners and residents of hazards of lead-based paint. This will be accomplished through the use of printed and electronic media and the City's internet web site. Additional information is provided by the County Health Department, who has prepared a pamphlet explaining health hazards of lead-based paint, and what lead poisoning can result from. The City will continue to educate the public in regards to lead-based paint.

During the program year 2014-15, the City will complete the following actions concerning lead-based paint hazards:

- Continue to review all building permits against our existing database of homes that are suspected or know to contain lead-based paint, and require mitigation or removal of any lead-based paint hazards in the identified homes.

- Continue to provide pamphlets and newsletter articles to the public on what lead poisoning is, and what can be done to safely remove lead-based paint hazards.

Other Actions

Obstacles to meeting underserved needs

(FY 2014 Action Plan Submission Requirement) (91.220(f))

The City will expand their reach to those people who have underserved needs or special populations within the City. All comments from these special population groups will be accounted for and be examined to determine what priorities the City will take to increase their status. Funding allocations, social agency referrals or education may be solutions to their problems or issues.

Fostering and Maintaining Affordable Housing

The City will take action during the next year to foster and maintain affordable housing. Some of the priorities may not be involved with affordable housing, but involve overall residential development that is important to Sandy City.

- Promote to preserve and rehabilitate existing housing stock through the HOME Investment Partnership Act, the Olene Walker Trust Fund, the ASSIST Emergency Home Repair Program, and other housing rehabilitation programs.
- Encourage the upkeep, maintenance and rehabilitation of existing housing in the City. Promote increased awareness and communication among property owners and residents on the importance of property maintenance for long-term housing quality.
- Maintain and enhance the quality of existing residential neighborhoods through residential code enforcement.
- Promote the development of compatible mixed-use projects in order to create various interacting uses, which promote the efficient use of facilities and services. Mixed-uses may include residential, commercial and office uses and could compliment any suburban setting, with pedestrian connections between projects and mass transit.
- Establish target areas for future housing rehabilitation and maintenance programs.

Removing Barriers to Affordable Housing

Sandy City will complete the following activities to remove barriers to affordable housing:

- Review development standards within the City's Land Development Code (zoning ordinance) to include provisions to facilitate affordable housing without diminishing quality. Standards that are scheduled to be reviewed and amended include increasing development density,

building placement requirements, and creation of requirements that a percentage of units in a multifamily development be set aside for LMI populations.

- Encourage the placement of a wide variety of housing types where applicable. This includes manufactures homes, condominiums, and multifamily housing developments.
- Permit flexible development standards in planned unit developments that encourage housing development that meets the needs of the community. Such standards include clustering of units, increased density based upon design criteria and other site development standards as appropriate.
- Continue to promote housing programs that target residents with income under the 80 percent of County Median.
- Support and explore the needs of housing advocacy groups and/or housing affordability boards that can fill a gap between developers and public agencies.

Impediments to Fair Housing and Choice and Actions to Overcome Them

**Sandy City is currently working with Salt Lake County and other jurisdictions in the area to determine additional impediments and to develop an action plan to address these. It is anticipated that this plan will be completed in time for the FY 2014-2015 CAPER and will be included therein. This will also address the concerns noted in the Annual Community Assessment for FY 2009-2010.

Sandy City performed an "Analysis of Impediments to Fair Housing Choice" in January of 1997 and updated in 2003. In 2005 and 2010 Salt Lake County updated the study for all consortium members. The report reviews and updates the data and analysis contained in the previous Impediments study. The purpose of the assessment was to gather in-depth and up-to-date information concerning the pressing fair housing issues in Sandy City and the entire Salt Lake County. This includes analysis of progress being made to remove barriers to the development of housing choices for low income households and those with special needs. Previously Sandy City and Salt Lake County prepared a separate AI. The following is a summary of the new report Sandy City section) that updates the previous Sandy City and Salt Lake County Analysis of Impediments Action Plan and combines the two AIs.

I. Profile of Sandy City

Profile	Number
Square Mile	22.81
Population (Estimated 2008)	96,660
Housing Units (Current estimate by City)2005	27,920
Percent Owner Occupied, 2000	84%

Percent Renter Occupied, 2000	16%
Low to moderate income households with gross rent 30% or more of household income (2000)	1,185
Low to moderate income households with monthly owner cost 30% or more of household income (2000)	2,573
Percent of total households that were low to moderate income households with housing cost burdens in excess of 30% of income (2000)	15%

A. Brief description of Sandy City.

Sandy City, which was incorporated in 1893, is located in the south/eastern section of Salt Lake County. Sandy City is the third largest city in salt Lake County. In 2010, the median household income was \$75,284 with the median house value being \$287,600 (2007-2011 ACS). Sandy City has very few large areas of vacant residential land. As of 2012, there were approximately 500 acres of vacant residential property in the City. Consequently, the City has experienced only moderate levels of construction since 2000, unlike the high levels of constructions seen between 1980-2000.

B. Indicators of housing for low to moderate income households.

There were approximately 2,096 units authorized for construction from 2001 and 2009. Of this total 51% were single family houses. This is far below the 82% for single family in 2000. The city had a condo boom from 2000-2009. 653 condos were authorized for construction (31% of the total). 334 apartments or 16% were authorized. This is slightly below the 18% in 2000.

Since 2010, the City has issued 275 single family permits and 26 Multifamily permits. However, the City has recently seen an interest in increased density, with nearly 1400 residential units under review or consideration. The majority of these units are multi-family projects and include senior housing as well as moderate-income housing options.

There are concentrations of low to moderate income housing in Sandy City. The principle location is in the Historic Sandy District. This area is bounded by State Street to the west, 700 East to the east, 8400 South to the north and 9000 South to the south.

II. Conclusions

A summary of current zoning ordinances and policies and their impact on low to moderate income housing.

A. Does current zoning exclude, encourage or have a neutral effect on low to moderate income housing?

A variety of residential zones exist in Sandy. Minimum lot sizes for single family detached homes range from 4,500 (TND Overlay Zone) square feet to an acre. Much of Sandy City's

residential land is zoned to permits lots of 8,000 square feet to 10,000 square feet. Sandy City allows higher density housing through the TND Overlay Zone, Planned Unit Development (PUD), Residential Multifamily Zone (RM), Mixed Use Zone (MU) and the Mobile Home Zone (MH). The density associated with the multifamily zones are based on the plan and design of the project (Density by Density).

B. Does current zoning allow for high density development of available vacant ground?

Yes. The City has recently rezoned several large parcels, one was zoned for large one acre lots and the others had commercial zones. These parcels were rezoned to the Mixed Use Zone, which does not have a density maximum. Sandy City has recently approved nearly 100 acres near light rail stations for mixed use development as well as in other areas. This will provide a variety of housing choice for a variety of income levels. The PUD Zone also allows for high density housing. Under the PUD Zone 280 affordable apartment units were completed near State Street in 2005.

C. Do building, hook-up and impact fees affect development of low to moderate income housing?

The development fees Sandy City charges do impose higher cost to develop land. However, the fees are typical and do not impose any out of the ordinary cost. Hook-up and building fees typically total around \$7,334 per home.

D. Do building requirements (set-backs, front yard, side yard or amenities) for housing impede the development of low to moderate income households?

Building requirements and dimensions are standard and do not impede low to moderate income housing in sandy City.

E. Is cluster dwelling (e.g. Planned Unit Development) encouraged versus single family home sites?

Sandy City does have a PUD Ordinance. There is not a minimum acreage size requirement (5 acres or more is encouraged). The density is determined by the City Council. Sandy City also has a Mixed Use Ordinance that encourages clustering of dwellings. The density is determined by the design of the project.

F. Does definition of "family" prevent sharing of housing?

Housing can be shared by related household members. Four unrelated individuals can live in a single family dwelling unit.

G. Are group homes (nursing homes, facilities for disabled) permitted throughout the community.

Residential facilities for the elderly and disabled are allowed throughout residential zones as a permitted use.

Additional Actions Taken to Address impediments:

Because of the very wide range of origins for the types of discrimination complaints filed (i.e., apartment rental denial, single family home rental denial, comments made by existing tenants, etc.), it is very difficult if not impossible to completely eliminate this type of discrimination. The City has coordinated via the Police Department several meetings with local landlords of multiple unit housing to help them screen for felons and have provided training on the do's and don't's of screening potential renters.

Most new multifamily housing has been constructed on the edge of established single family neighborhoods. This has generally been at the request of the developer, as it was felt by them that fewer individuals would oppose such a development in outlying areas of the City and most cases this is what property is still available for development. However, with the completion of the light rail system through Sandy City it has opened up new opportunities for areas of affordable housing. Sandy City has recently approved nearly 100 acres near the light rail stations for mixed use development as well as other areas that have been recently master planned for mixed use along the light rail corridor. These proposed mixed use developments are implementing important elements of our City's General Plan and sub-area plans for these areas. This will provide a variety of housing choices for a variety of income levels. This will also provide a wide range of economic opportunities. The last phase of a 280 affordable apartment complex was completed in 2005 and a 320 unit condominium project is currently under construction.

The City does not have any policies that discriminate against minority populations, and has no controls over wages earned by minorities throughout the County.

The City has purchased homes to be used as Transitional Housing Units for previously homeless persons/families. During 2001, the City was able to purchase a 3-bedroom home for use by a larger family.

The City continues to support group homes within the community, and recently modified zoning restrictions to make siting of such homes easier.

Developing Institutional Structure

The Sandy City Community Development Department administers the CDBG Program. The City coordinates its activities with the other participating jurisdictions in the CDBG Program throughout Salt Lake County to enhance service delivery.

For the HOME Investment Partnership Program, Sandy City participates as a member of the Salt Lake County Consortium. Member jurisdictions include Sandy City, West Jordan City, West Valley City, City of Taylorsville, and the County of Salt Lake. Salt Lake County is the lead agency and coordinates annual budget and funding allocations for all member agencies.

A gap in the delivery system is the lack of coordination between nonprofit agencies, banks, developers, property owners and the City. Communication among these agencies and groups to improve service delivery and to develop new affordable housing programs is improving. The City

will try to decrease this gap during the 2013-14 Program Year.

Coordination Between Public and Private Housing and Social Service Agencies

Sandy City worked pro-actively with private housing and social service agencies that provide services within our community and county-wide to develop this action plan. These agencies include:

- The Long Range Planning Committee for the Homeless
- The Utah Chapter of NAHRO Executive Committee
- The Road Home
- Housing Authority of the County of Salt Lake
- Housing Authority of West Valley City
- Salt Lake Community Action Program

Public Housing Initiatives

The City coordinates public housing improvements and initiatives with the Housing Authority of the County of Salt Lake on an annual basis. The Housing Authority currently owns and operates four units of transitional housing for homeless persons within Sandy. The newer unit has been remodeled to have four bedrooms to accommodate larger families from The Road Home, who provides clients for the Housing Authority for occupancy of the transitional housing units.

The Housing Authority also operates the Section 8 Housing Program, and administers vouchers for rent. Due to the higher amount of rent charged by area apartment complexes, the eligible areas for vouchers lie within the Historic Square Mile of Sandy City. Under the Section 8 program, tenants are required to pay 30 percent of their family income for rent and HUD Pays the balance of the contract rent to the owner of the rental unit. Rental assistance payments are made directly to private owners who lease their units to very low and low income families. The rent is based on the number of bedrooms and the Fair Market Rent established for the Salt Lake County MSA.

Sandy City is committed to increasing the number of transitional housing units throughout the community, and continually evaluates the housing market for homes that may become available within a target range of available funds.

The City will continue to monitor the existing public housing within the City for compliance with housing maintenance and appearance standards. The preservation of existing public housing stock is of continual importance to the City.

Assist "Troubled" Public Housing Agencies

There are no public housing agencies located within Sandy City. The Housing Authority of the County of Salt Lake provides county-wide housing services. It has not been identified as a "troubled" agency.

Housing Plan (Including Moderate Income Housing Plan) – Adopted 2013

In early 2013, the City amended the Housing Element of the General Plan by adopting a new housing plan. This element was in need of updating and did not address current needs and concerns. The intent of the new Housing Element is to analyze the existing housing stock and conditions within the City to help in determining what needs should be met by future planning

efforts. Goals address the following:

1. **Quality Growth** – Promote a stable and sustainable community by providing the opportunity for a variety of housing types and densities
2. **Maintenance** – Maintain and enhance neighborhood characteristics while allowing for modification and renovation of existing residences
3. **Community** – Encourage the preservation, upkeep, and maintenance of existing housing
4. **Interaction** – New and existing housing should complement the non-residential uses throughout the City and region
5. **Special Needs and Fair Housing** – The City strives to provide a range of housing opportunities for all residents, including those with special needs, and to eliminate discrimination in housing availability
6. **Moderate Income Housing** – The City should make every effort to provide opportunities for housing and community involvement to persons of moderate income

Citizen Participation

Sandy City adopted a citizen participation plan in 1995 compliant with guidelines set forth by the U.S. Department of Housing and Urban Development, and revised the plan with the FY03-04 Action Plan. A copy of the plan is included with this action plan.

Sandy City residents are encouraged to participate in City Council meetings, as well as Planning Commission meetings and CDBG Citizen Advisory Committee Meetings. At each City Council meeting, time is set aside to permit residents to comment or provide opinions about any City issue.

The public may ask questions, criticize past actions, and offer ideas that will make Sandy City a better community. These comments are a good resource to assist in establishing future goals for the 5-Year Consolidated Plan and the Annual Action Plan.

If the City receives complaints or suggestions concerning any issue or funding listed in this plan, the City will respond in writing to that individual or agency within 15 days from the date the City receives the written complaint.

In compliance with the Americans with Disabilities Act, Sandy City will make reasonable accommodations for those individuals who are disabled and wish to participate in any public meeting. Such individuals can contact the City in advance to arrange for assistance. All public meetings are held in compliance with the Americans with Disabilities Act held at City Hall or other locales throughout the community.

Monitoring

The Community Development Block Grant Program Administrator will regularly monitor all projects and programs that are to be funded during FY14-15. Subrecipients and projects will be monitored to verify compliance with HUD regulations and relevant Federal statutes as applicable to the delivery of the program. Subrecipients will also be reviewed to verify consistency with the terms and goals of the 5 Year Consolidated Plan and Strategy. Monitoring consists of on-site visits once per year and technical assistance consultations as needed.

During FY12-13, Sandy City was monitored by HUD. All concerns from the auditor were addressed.

LOCAL GOVERNMENT CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about -
 - (a) The dangers of drug abuse in the workplace;
 - (b) The grantee's policy of maintaining a drug-free workplace;
 - (c) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will -
 - (a) Abide by the terms of the statement; and
 - (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted -
 - (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (b) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

1.No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

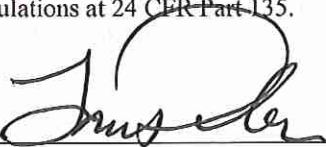

2.If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

3.It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);

2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2013 _____, 2014 _____, 2015 _____ (a period specified by the grantee consisting of: one, two, or three (circle # of year(s) specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing

regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of part 35, subparts A, B, J, K and R, of title 24;

Compliance with Laws -- It will comply with applicable laws.

ESG Certifications

The Emergency Shelter Grantee certifies that:

Major rehabilitation/conversion -- It will maintain any building for which assistance is used under the ESG program as a shelter for homeless individuals and families for at least 10 years. If the jurisdiction plans to use funds for purposes less than tenant-based rental assistance, the applicant will maintain any building for which assistance is used under the ESG program as a shelter for homeless individuals and families for at least 3 years.

Essential Services -- It will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure as long as the same general population is served.

Renovation -- Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services -- It will assist homeless individuals in obtaining appropriate supportive services, including permanent housing, medical and mental health treatment, counseling, supervision, and other services essential for achieving independent living, and other Federal State, local, and private assistance.

Matching Funds -- It will obtain matching amounts required under §576.71 of this title.

Confidentiality -- It will develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement -- To the maximum extent practicable, it will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, operating facilities, and providing services assisted through this program.

Consolidated Plan -- It is following a current HUD-approved Consolidated Plan or CHAS.

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies. (This is the information to which jurisdictions certify).
4. For grantees who are individuals, Alternate II applies. (Not applicable jurisdictions.)
5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check ☐ if there are workplaces on file that are not identified here; The certification with regard to the drug-free workplace required by 24 CFR part 24, subpart F.

9. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C.812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Citizen Participation Plan

Prepared by:

CDBG Citizens Advisory Committee

Committee Staff:

James L. Sorensen
CDBG Program Administrator
10000 Centennial Parkway
Sandy, UT 84070

Introduction

Sandy City is required by law to have a detailed Citizen Participation Plan, which contains the City's policies and procedures for public involvement in the Consolidated Plan process and the use of CDBG money. This Citizen Participation Plan must be available to the public.

Encouraging Public Participation

The law requires that our Citizen Participation Plan both provides for and encourages public participation, emphasizing involvement by low and moderate-income people, especially those living in low and moderate-income neighborhoods. Also, the U.S. Department of Housing and Urban Development (HUD) expects Sandy City to take whatever actions are appropriate to encourage participation of minorities, people who do not speak English, and people with disabilities.

Copies of this Citizen Participation Plan, as well as summaries of basic information about CDBG and the Consolidated Planning process are available in the languages of residents who comprise a significant portion of the low and moderate income population. Currently, Sandy City has materials in English. Residents needing materials in other languages are encouraged to contact City Community Development staff.

Participants in the Plan

Many different groups are instrumental in the citizen participation plan process and in ensuring that its objectives are carried out. This section briefly identifies each group and their role in the process.

City Council

As elected representatives of the citizens of Sandy City, is the policy making body and the ultimate authority in the citizen participation structure. City Council approves the budget for the federal grant programs (CDBG and any other special grant programs for which the City may make application) and thus is the final authority in all matters regarding the programs at the local level. All City Council meetings are open to the public except as limited by law. City Council meets in formal session on every Tuesday.

The Community Development Department

This group represents the City Staff that is responsible for planning, implementing and assessing the federal grant dollars received by the City from the U.S. Department of Housing and Urban Development (HUD). The role of the Community Development Department is to advise City Administration and City Council on matters related to the federal grant programs and provide technical assistance and informational support to all other components of the Citizen Participation structure. The Community Development Department acts as a solicitor of citizen input and is responsible for ensuring compliance with the rules and regulations governing the federal grant programs administered on behalf of the City.

CDBG Citizens Advisory Committee

The City will utilize a CDBG Citizens Advisory Committee to review and analyze programs and services provided under the federal block grant programs. This committee will review proposals submitted for funding under the federal grant programs and assist in the development of plans required by HUD (as applicable). Staff will forward the recommendation of this committee to the City Council for final approval. The committee consists of no less than 7 nor more than 15 members. 2/3's of the committee members are appointed by the City Council, and 1/3 by the Mayor. The committee typically meets 8 times during the calendar year, including public hearings and field trips. All meetings are open to the public. Agendas are posted in City Hall, and the City Website.

The primary purpose of the programs covered by this Citizen Participation Plan is to improve communities by providing: decent housing, a suitable living environment, and growing economic opportunities, all principally for low and moderate-income people.

Because the amount of federal CDBG money that Sandy City receives each year is primarily based upon the severity of both poverty and substandard housing conditions within the community, it is necessary that public participation genuinely involve low income residents who experience these conditions. Genuine involvement by low income people must take place at all stages of the process, including:

- Identifying needs
- Prioritizing identified needs and suggesting the types of programs to meet high-priority needs.

The policies and procedures in this Citizen Participation Plan relate to several stages of action mentioned in law or regulation. In general, these stages or events include:

- Identification of housing and community development needs.
- Preparation of a draft use of funds for the upcoming year called the proposed Annual Action Plan or the development of the new five-year Consolidated Plan.
- Formal approval by the City Council of a final Annual Action Plan or new five-year Consolidated Plan.
- Occasionally during the year, it might be necessary to change the use of budgeted funds in an Annual Action Plan, or to change the priorities established in the five-year Consolidated Plan. In that case, a formal Substantial Change Amendment will be published for citizen input and acted upon by City Council if the necessary change meets the substantial change definition. After a program year is complete, an Annual Performance Report must be drafted for public review and comment and then sent to HUD.

The Program Year

The program year chosen by Sandy City is July 1st through June 30th of the following year.

PUBLIC NOTICE

Items Covered by the Public Notice Requirement

There shall be advanced public notice one a federally required document is available, such as the Proposed Annual Action Plan or five-year Consolidated Plan, any proposed Substantial Amendment to the Action Plan or Consolidated Plan, and the Annual Performance Report.

In addition, there shall be advanced public notice of all public hearings relating to the funds or planning process covered by this Citizen Participation Plan.

Public Notice

Advance notice will be given with enough lead-time for the public to take informed action the amount of lead-time can vary, depending on the event. Specific amounts of time are given for different events later in this Citizen Participation Plan. The content of notices will give residents a clear understanding of the event being announced.

Forms of Public Notice

- ❑ Public notices will be published in the Salt Lake Tribune in the legal notice section
- ❑ We may also use display ads and press releases in public service announcements.
- ❑ Where applicable by the program being notices, we may also give notice through letters to neighborhood organizations, public housing representatives, and agencies providing services to lower income people.
- ❑ Public Notices will be posted on the Sandy City web site at www.sandy.utah.gov
- ❑ Notice will be sent to any person or organization requesting to be on a mailing list.

PUBLIC ACCESS TO INFORMATION

As required by law, Sandy City will provide the public with reasonable and timely access to information and records relating to the data or content of the Consolidated Plan, as well as the proposed, actual, and past use of funds covered by this Citizen Participation Plan.

Also, as required by law, Sandy City will provide the public with reasonable and timely access to local meetings relating to the proposed or actual use of funds.

Standard Documents

Standard documents include:

- The proposed and final Annual Action Plans.
- The proposed and final five-year Consolidated Plan
- Proposed and final Substantial Amendments to either an Annual Action Plan or the five-year Consolidated Plan.
- Annual Performance Reports
- The Citizen Participation Plan.

Availability of Standard Documents

In the spirit of encouraging public participation, a limited number of copies of the standard documents will be provided to the public within three working days of a request (minimum of three available). These materials will be available in a form accessible to persons with disabilities if requested. Electronic versions of these standard documents may also be made available.

Places Where Standard Documents Are Available

Standard documents will be available at the City's Community Development Office and at the City's internet website (www.sandy.utah.gov)

PUBLIC HEARINGS

Public hearings are required by law in order to obtain the public's views and to provide the public with the City's responses to public questions and proposals.

Public hearings will be scheduled at all stages of the process, including at least a hearing about community needs, a public hearing to review proposed uses of funds, and a public hearing to assess how funds were spent during the previous program year.

The block grant budget is part of the City budget cycle and as such, the City will follow its public input schedule for the City budget.

Access to Public Hearings.

Public hearings will be held only after there has been adequate notice as described in the Public Notice part of this Citizen Participation Plan, including publication in the legal notice section of the newspaper no less than 10 days prior to the public hearing.

Public hearings will be held at times and locations convenient to and accessible by people who

might benefit the most from the use of funds.

Public Hearings and Populations with Unique Needs.

All public hearings will be held at locations accessible to people with disabilities, and provisions will be made for people with disabilities when requests are made at least five working days prior to a hearing. Translators will be provided for people who do not speak English when requests are made at least seven working days prior to a hearing.

1. Identifying Needs

In order to encourage public involvement, at least one public hearing to determine the specific needs and priorities identified by low and moderate-income people, will be held in a location other than the main City Administration building (city hall).

Public hearings about needs will be completed before a draft of the Annual Budget is published for comment, so that the needs identified can be considered by the City and addressed in the draft Annual Action Plan.

2. The Proposed Annual Action Plan (and/or five-year Consolidated Plan)

The law providing funds covered by this Citizen Participation Plan calls for improved accountability of jurisdictions to the public. In that spirit and in compliance with the terms of the law, Sandy City will use the following procedures:

A. General Information

At the beginning of this stage, Sandy City will provide the public with an estimate of the amount of CDBG funds it expects to receive in the upcoming year, along with a description of the range of types of activities that can be funded with these resources. Also, the public will be given an estimate of the amount of these funds, which will be used in ways that will benefit low and moderate-income people.

B. Anti-Displacement Policy

The City has adopted an anti-displacement and relocation assistance plan. The City will make every attempt not to displace individuals or families as a result of projects funded with federal block grant funds. The City will replace all occupied and vacant occupiable lower income housing demolished or converted to a use other than lower income housing in connection with a project assisted with funds provided by federal block grant funds.

All replacement housing will be provided within three years after the commencement of the demolition or conversion. Before entering into a contract committing the City to provide funds for a project that will directly result in demolition or conversion, Sandy City will make public by publication in a newspaper of general circulation and submit to HUD the following information in

writing:

- A description of the proposed assisted project.
- The address, number of bedrooms and location on a map of low income housing that will be demolished or converted to a use other than low income housing as a result of an assisted project
- A time schedule for commencement and completion of the demolition or conversion.
- To the extent known, the address, number of bedrooms and relocation on a map of the replacement housing that has been or will be provided.
- The source of funding and a time schedule for the provision of the replacement housing.
- The basis for concluding that the replacement housing will remain low income housing for at least 10 years from the date of initial occupancy.
- Information demonstrating that any proposed replacement of housing units with smaller dwelling units (e.g., a two bedroom unit replaced with two one bedroom units), is appropriate and consistent with the housing needs and priorities identified by the City and included in the Consolidated Plan.

If the specific location of the replacement housing and other data in items 4 through 7 is not available at the time of the general submission, the City will identify the general location of such housing on a map and complete the disclosure and submission requirements as soon as the specific data is available. The Community Development Department is responsible for tracking the replacement of lower income housing and ensuring that it is provided within the required time period.

C. Technical Assistance

City staff will work with organizations that represent low and moderate income people and who are interested in submitting a proposal to obtain funding for an activity. All potential applications for funding are encouraged to contact City staff for technical assistance before completing a proposal.

D. Availability of the Proposed Annual Action Plan.

The proposed Annual Action Plan will be made available to the public at least 30 days prior to approval of the final Annual Action Plan by City Council so that citizens will have a reasonable opportunity to examine it and to submit comments. A limited number of copies of the proposed Annual Action Plan will be made available to the public upon request and at the locations specified above in the section, *Public Access to Information*.

E. Public Hearing and Further Action

In preparing the final Annual Action Plan, careful consideration will be given to all comments and views expressed by the public, whether given as verbal testimony at the public hearing or submitted in writing during the review and comment period. The final Annual Action Plan will include all comments and explain why any comments were not accepted.

3. The "Final" Annual Action Plan and/or five-year Consolidated Plan

A limited number of copies of the final Annual Action Plan and/or five-year Consolidated Plan will be made available to the public within three working days of request. In addition, copies will be available at the locations specified above in the section, *Public Access to Information*.

4. Amendments to the Annual Action Plan and/or five-year Consolidated Plan

The final Annual Action Plan and/or five-year Consolidated Plan will be amended any time there is: a change in one of the priorities presented on the HUD required Priority Table; a change in the use of money to an activity not mentioned in the final Annual Action Plan and/or Consolidated Plan; or a change in the purpose, location, scope or beneficiaries of an activity.

Any substantial change in the programs must be approved by City Council at a public hearing. It will then be submitted to HUD for informational purposes. The public hearing will be at a time and place that is conducive for the inclusion of all persons who would be affected by the change. In addition, any substantial change will be published in a newspaper of general circulation and citizens will be given 30 days to comment on the change(s). The following changes are considered substantial amendments:

- The proposed amendment requires prior HUD approval;
- The proposed amendment involves the transfer of funds of \$25,000 or more from one project to another;
- The amount involved in the proposed amendment exceeds 50% of the total project cost;
- The proposed amendment deletes an activity described in the Consolidated Plan;
- The proposed amendment changes the beneficiaries of an activity by more than 50%; or
- The proposed amendment adds an activity not described in the Consolidated Plan.

Any proposed amendment(s) to the approved Consolidated Plan that does not meet the above definition of a substantial change will be subject to the following procedures:

- The Community Development Block Grant Program Administrator may approve changes involving a cumulative amount of up to \$24,999 per line item. A record of the transaction will be included in the budget file.
- Any change that comes about as a result of a disaster declared by either the Mayor or the Governor shall be included and notice of change will be given to the public. However, in this case, the 30-day comment period is not applicable.

Public Notice and Public Hearing for Substantial Amendments

There must be reasonable notice of a proposed Substantial Amendment so that citizens will have an opportunity to review it and comment. Notice will be made according to the procedures described earlier in this Citizen Participation Plan, with the addition of the following procedures

specifically for Substantial Amendments:

- A detailed written description of the proposed Substantial Amendment will be made available to the public within three working days of the request and copies will be available at the locations indicated earlier in this Citizen Participation Plan under *Public Access to Information*.
- The public hearing on the Substantial Amendment will take place after the public has had 30 days to review and comment on the proposed Substantial Amendment.
- In preparing a final Substantial Amendment, careful consideration will be given to all comments and views expressed by the public, whether given as verbal testimony at the public hearing or submitted in writing during the review and comment period. The final Substantial Amendment will include all comments and explain why any comments were not accepted.

Every year, Sandy City must submit to HUD an Annual Performance Report within 90 days of the close of the program year. In general, the Annual Performance Report must describe how funds were actually used and the extent to which these funds were used for activities that benefitted low and moderate-income people.

Public Notice for the Annual Performance Report

There must be reasonable notice that an Annual Performance Report is available so that citizens will have an opportunity to review it and comment. Notice will be made according to the procedures described earlier in this Citizen Participation Plan, with the addition of the following procedures specifically for Annual Performance Reports:

- There will be a 15 day review and comment period for the Annual Report before it is submitted to HUD.
- A complete copy of the Annual Performance Report will be made available to the public within three working days of a request and at the locations indicated earlier in this Citizen Participation Plan under *Public Access to Information*.
- In preparing an Annual Performance Report for submission to HUD, careful consideration will be given to all comments and views expressed by the public. The Annual Performance Report sent to HUD will include all comments and explain why any comments were not accepted.

All complaints related to any phase of the programs covered under the Consolidated Plan should be delivered in writing to the Community Development Block Grant Program Administrator in the Community Development Department for Sandy City, Utah at 10000 Centennial Parkway, Sandy, Utah 84070. Complaints can also be mailed to the same address. All complaints will be given consideration and answered in writing within 15 days of their receipt by Sandy City.

[REDACTED]

This Citizen Participation Plan can be changed only after the public has been notified of intent to modify it, and after the public has been given 30 days, from the date of publication, to review and comment on the proposed substantial changes to it.

This plan complies with section 91.105 of the Code of Federal Regulations.

APPENDIX A

SANDY CITY, UTAH

COMMUNITY DEVELOPMENT BLOCK GRANT - FY 2014-2015

PROPOSED CONSOLIDATED PLAN AND PROJECTED USE OF FUNDS

Sandy City will submit to the Dept. Housing and Urban Development the proposed Annual Action Plan and allocation of FY 2014-15 Community Development Block Grant Funds. The City intends to allocate approximately \$376,835 in new entitlement CDBG funds, for the 2014-2015 CDBG Program year beginning July 1, 2014. These funds come from the United States Department of Housing and Urban Development (HUD) under Title I of the Housing and Community Development Act of 1974, as amended. These funds are to be used for carrying out one of three broad national objectives: benefit to low and moderate income families, aid in the prevention or elimination of slums or blight, or meet other community development needs having a particular urgency.

PROPOSED CONSOLIDATED PLAN AND COMMUNITY DEVELOPMENT OBJECTIVES

The primary national objective of the federal CDBG Program is the development of a viable urban community by providing decent housing and a suitable living environment and by expanding local economic opportunities principally for the low and moderate income residents of the community. Sandy City receives an annual entitlement of CDBG funds to plan and promote this primary national objective. The proposed Consolidated Plan provides information regarding low/moderate income needs, priorities and strategies to meet those needs.

PROPOSED ACTIVITY DESCRIPTIONS

Applications were sought from the community for eligible projects, with the deadline of December 2, 2012. The CDBG Citizen's Advisory Committee carefully reviewed each application, and after careful deliberation will recommended funding allocations to the City Council.

PUBLIC COMMENTS

A copy of the proposed Annual Action Plan (including an estimate of low and moderate income benefit, proposed activities likely to result in displacement, and a statement of the City's displacement policy) is being furnished by making it available to the public for review, copying, and comment at the Community Development Department at City Hall (10000 Centennial Pkwy), and also at the Sandy City Web site at www.sandy.utah.gov. The Comment Period will begin March 22, 2014 and end April 22, 2014. Upon request persons with disabilities can receive a copy of the comprehensive Proposed Statement by mail. Special assistance is also available to visually-impaired persons desiring information on the Proposed Statement.

PUBLIC HEARING

The Sandy City Council, at its regularly scheduled meeting, will hold a public hearing on April 22, 2014 at 7:05 p.m. to receive public comments on the CDBG Proposed Action prior to the Council's modification of, where deemed appropriate, and approval of the Proposed 2014-2015 Action Plan. Anyone who desires to comment on the 2014-2015 Proposed Action Plan may attend this hearing or submit written comments to the City during the above indicated comment period. Arrangements for the accommodation for physically disabled persons as well as an interpreter for hearing-impaired persons shall be made available without charge upon request to the CDBG Administrator. Arrangements must be made at least 24-hours prior to the meeting. If you have any questions regarding this information or the Proposed Statement, you may call Jared S. Gerber at 588-7265 (TDD/Voice).

**Sandy City Public Hearing
Community Development Block Grant (CDBG)
Action Plan for 2014-15**

Notice is hereby given of a public hearing to be held in the Sandy City Hall, 10000 Centennial Parkway, Sandy, Utah, before the Sandy City Council on April 22, 2014 at 7:05 P.M. to review the proposed Community Development Block Grant (CDBG) Consolidated 5 Year Plan/Action Plan for Fiscal Year 2014-2015 and authorize Mayor Tom Dolan to submit said document to the U.S. Department of Housing and Urban Development (HUD). The intent of the consolidated plan is to promote better public participation; develop more concise and measurable priorities and needs; coordinate federal statutory requirements; use existing local planning processes in the plan; provide real assessment of performance; and encourage public/private partnerships. The Consolidated Plan is updated every five years and serves as the primary document for application for federal program funding as administered by HUD (e.g., CDBG, HOME, etc.). The Plan will provide a strategy for carrying out Sandy City's HUD programs, and an action plan for assessing the performance of Sandy's program, a copy of the plan is available for your review in the Sandy City Community Development Department Room 210, Sandy City Hall, 10000 Centennial Parkway, Sandy, Utah. Any questions you have may be directed to Jared S. Gerber, 568-7265, CDBG Program Administrator, in the Community Development Department.
